Dear Bill:

I am happy to recommend you and MAX Energy Systems to anyone who is looking for a back-up power source. I felt from the start that we were dealing with a knowledgeable gentleman who understood our needs and gave us splendid advice and exceptional service.

We were singularly unimpressed with other firms that we contacted – one never bothered even to call us back. What I particularly liked about dealing with you is that you are local – a neighbor, practically – which meant a lot to my wife and me.

The people with whom you worked were exceptionally friendly, courteous and professional. We feel we got a fair deal – I have never bought something that I hope I never have to use.

Again, I would recommend you wholeheartedly to anyone looking for a backup power generator and Rayna and I thank you for all your hard work and professionalism.

Most sincerely,
